Name of Course Attended: _____
Presenting Institution: _____
Address: _____
City: _____ State: _____ Zip: _____
Date Attended: _____
Instructional Hours (actual classroom hours):

A complete description of the content, including a daily agenda must be included with this application. Also, an attendance statement verified by an official member of the institutional staff is required.

This form should be submitted for each course attended. It may be duplicated. Records of recertification hours mailed or faxed in to the Georgia Chapter of SWANA will be maintained by Stephanie Hubbard. We suggest you retain copies for your records. Contact Stephanie at: (770) 822-9308, fax (770) 338-2735, or E-mail georgiaswana@gmail.com. All future updates to your files should be done through her.

Acceptable methods of satisfying recertification requirements will be by completing thirty (30) or more hours of approved continuing education courses in areas related to landfill operation each five (5) year period following original date of certification or recertification. It is the responsibility of the individual operator to maintain recertification records and to submit the proper forms for recertification to the Georgia Chapter of SWANA. A fee of \$50 is to be remitted prior to the issuance of the recertification certificate. This fee is payable to the Georgia Chapter of SWANA. Individual applications for recertification, including payment, should be made at least 30 days prior to certification expiration date.

Recertification may also be satisfied by retaking the Landfill Operator Certification Training Course at The University of Georgia Center for Continuing Education, 1197 South Lumpkin Street, Athens, Georgia 30602-3603, and paying the current course fee. Retaking the exam will not be required if the operator's 5-year certification has not expired. An individual application for recertification is not required (nor is the \$50 recertification fee) if the Landfill Operator Certification Course is the means of satisfying recertification.
