WHAT MEMBERS ARE SAYING ABOUT SWANA

"Being part of the Young Professionals provides me the opportunity to network with other professionals in the industry all over North America. It is beneficial to be able to share lessons and problem resolutions from other facilities."

—Lynsey Kocenko

Delaware Solid Waste Authority (DSWA)

"I have gained a tremendous amount of respect and support from our city leaders since my first education experience with SWANA over fifteen years ago. The contacts, information and knowledge that I have learned has been an important and sustaining resource for me in the management of a solid waste landfill. The knowledge has help me to serve on the state (Board of Directors), moderate and proctor classes, training tests and give presentations at state conferences. All of this was made possible by my 'SWANA EDUCATION'."
